

Please note!

The mounting flange (pos. no. 1) must be filled with bearing grease type SKF LGWA 2, or compatible. Before mounting the hydraulic motor. This ensures lifetime lubrication of the open bearing in the assembly.

Pos. no.	Description	Qty.	Part no.
1	Flange for hydraulic motor	1	AC1-A1-02
2	Hydraulic motor type OMR 315	1	2C1-A
3	Parallel key type A (8 x 7 x 32)	1	2E1-C
4	Bolt M12 x 70 - 12.9	2	1B2-E12-70
